Featured Instructors

Dr. Wally Harder is the Ministry Coordinator of Christian Bowhunter Association. His duties include the coordination of shows, shoots, and speaking engagements, all to help CBA run more effectively. CBA has over 2,000 members in 43 chapters covering all 50 states. Wally is an avid hunter and popular speaker who uses

bow hunting and archery—and his enjoyment of it—to reach others with the same interest.

Bob Johnson is Administrative Coordinator for CBA. His duties focus on fundraising and administering archery events. Bob is a veteran New York State Archery instructor for the Department of Environmental Conservation. As a Master Instructor, he oversees other New York State instructors in his region. He is an accomplished archer, having harvested game throughout North America. A professional educator, having taught in the public education system, Bob continues to serve Christ throughout his life.

Dave VanEarden received a B.S. in Biology from Asbury College in 1984 and an M.S. from Gannon University in 1989. He has taught high school science for 26 years, and has been a NYS Bow Hunter Instructor for 25 years. As a researcher, Dave has extensive experience working with several universities relating to forestry and white tail genetics. A member of Edwards Chapel, he has been a local lay speaker for many years defending our Creator everywhere he goes. Dave will provide instruction relating to the biology of the hunt from a Creationist's perspective.

Dennis Pollutro owns French Creek Outdoors, is VP of The Hunting Simulation Organization, is an NFAA archery instructor, and toured for four years as an archery pro. He also actively participates in several quality deer management programs and has over 30 years experience afield. Dennis earned a B.S. in Electrical engineering, and his professional history includes being a multi-patent holder, serving as founder, board member, and director of several technology companies.

Aimed in on Christ

Justin Fatica is a graduate of Cathedral Prep, as well as Seton Hall University, where he earned a M.A. in Education. Justin's message shook the world with the HBO documentary "Hard as Nails," directed by David Holbrooke. It also resulted in the writing of *Hard as Nails* in 2008, and thus founded Hard as Nails ministries. Justin's goal is to use what he calls "entertainment with a message." It is intense and you will never forget him.

Friday night's main event is a challenge given by Justin Fatica from Hard as Nails Ministries.

Justin's message is about loving all people no matter who they are or what they have been through. Justin has touched millions of lives and has inspired many people to find out about God's magnificent love. Now you can be a part of it!

The local area will be invited to join the Christian family as Justin challenges us to reach out to the lost in our community who are in need of the saving, forgiving message of a personal relationship with Jesus Christ.

Join Justin as we get Aimed in on Christ!
